ELECTRICAL WIRING BEFORE THE COMMITTEE

The Senate District Committee held a hearing yesterday on Senate bill No. 3, for the regulation of electrical wiring in the District. Because of attendance at a House Committee hearing the District Commissioners were not able to be pres ent, but views were expressed by Gen George H. Harries for the electrical companies, and Electrical Engineer Allen, of the District government. Final action was deferred.

The bill confers on the Board of Elec-trical Engineers power to go into all power and lighting plants, and have them altered whenever, in their judgment, danger exists. General Harries objected to having this apply to the eleccompanies, and suggested an ment to except from its provisns all plants for the generation

template including these companies which, as General Harries said, employ their own! efficient corps of electrical experts. The committee took no action on the bill, but will consider it, with all the latter on June 28 at the World's suggestions, at the next meeting

HIGH CLASS DRUGGISTS

The better class of druggists, everywhere, are men of scientific attainments and high integrity, who devote their lives to the welfare of their fellow men in supplying the best of remedies and

purest medicinal agents of known value, in accordance with physicians' prescriptions and scientific formula. Druggists of the better class manufacture many excellent remedies, but

always under original or officinal names and they never sell false brands, or imitation medicines.

They are the men to deal with when in need of anything in their line, which usually includes

all standard remedies and corresponding adjuncts of a first-class pharmacy and the finest and best of teilet articles and preparations and many useful accessories and remedial appliances.

The earning of a fair living, with the satisfaction which arises from a knowledge of the benefits

conferred upon their patrons and assistance to the medical profession, is usually their greatest

reward for long years of study and many hours of daily toil. They all know that Syrup of Figs is an excellent laxative remedy and that it gives universal satisfaction, and therefore they

are selling many millions of bottles annually to the well informed purchasers of the choicest

remedies, and they always take pleasure in handing out the genuine article bearing the full

name of the Company—California Fig. Syrup Co.—printed on the front of every package. They know that in cases of colds and headaches attended by biliousness and constipation and

of weakness or torpidity of the liver and bowels, arising from irregular habits, indigestion, or over-eating, that there is no other remedy so pleasant, prompt and beneficial in its effects as

Owing to the excellence of Syrup of Figs, the universal satisfaction which it gives and the

immense demand for it, imitations have been made, tried and condemned, but there are individual druggists to be found, here and there, who do not maintain the dignity and principles

of the profession and whose greed gets the better of their judgment, and who do not hesitate

to recommend and try to sell the imitations in order to make a larger profit. Such preparations sometimes have the name-" Syrup of Figs"-or "Fig Syrup" and of some piratical concern,

or fictitious fig syrup company, printed on the package, but they never have the full name of

the Company—California Fig Syrup Co.—printed on the front of the package. The imitations should be rejected because they are injurious to the system. In order to sell the imitations

they find it necessary to resort to misrepresentation or deception, and whenever a dealer passes off on a customer a preparation under the name of "Syrup of Figs" or "Fig Syrup," which does not bear the full name of the California Fig Syrup Co. printed on the front of the package, he is attempting to deceive and mislead the patron who has been so unfortunate as to enter his establishment, whether it be large or small, for if the dealer resorts to misrepresentation and and deception in one case he will do so with other medicinal agents, and in the filling of

physicians' prescriptions, and should be avoided by every one who values health and happiness. Knowing that the great majority of druggists are reliable, we supply the immense demand

for our excellent remedy entirely through the druggists, of whom it may be purchased everywhere, in original packages only, at the regular price of fifty cents per bottle, but as exceptions

exist it is necessary to inform the public of the facts, in order that all may decline or return

any imitation which may be sold to them. If it does not bear the full name of the Company-California Fig Syrup Co.-printed on the front of every package, do not hesitate to return the

article and to demand the return of your money, and in future go to one of the better class of

druggists who will sell you what you wish and the best of everything in his line at reasonable prices.

Syrup of Figs, and they are glad to sell it because it gives universal satisfaction.

DALLAS, Texas, Jan. 23.-The Dallas county grand jury yesterday afternoon indicted J. M. Chappell, formerly Richmond, Va., where his wife and other relatives new reside, charging him with murdering William McCahan, former-ly of Philadelphia, in McCahan's pri-vate office in Dallas one week ago. Both sides have engaged the best crim-inal lawyers at the Dallas bar, and the trial promises to become a celebrated one.
